

Share Your Love

My Donation Plan

- Learn more about the work of different charitable organisations through their websites and related videos
- Choose the beneficiary organisation. For example, an animal lover may choose to support a charity that helps animals.
- Develop a plan and make an actual donation to the selected organisation.

Organisation	
Targets	
Reason	
Amount to be donated	\$
How to achieve?	I plan to save \$ _____ every week and achieve this goal in _____ weeks/months.

The 3-in-1 Money Box

- Make a 3-in-1 money box with containers found at home, and allocate money for savings, spending and donations respectively
- Stick to the donation plan and put money into the “donations” box regularly
- May put small changes into the money box as well

Think About it

We should all contribute towards the society and share what we have with those in need. Apart from money, can you think of any other ways to help people?

Key Learning Points

- Allocate money properly for different purposes, including savings, spending and donations. Save money for your goals, understand that every penny counts, and discover the joy of giving.
